PROFILE SUMMARY

I'm a passionate full stack developer from India who loves building elegant solutions to complex problems. With expertise in both frontend and backend technologies, I create seamless digital experiences that make a difference.

TECHNICAL SKILL

PROGRAMMING LANGUAGE : PYTHON , JAVASCRIPT , ASP.NET CORE , C#

FRONT-END : REACTJS , NextJs , HTML , CSS , BOOTSTRAP , JQUERY , Tailwind

BACK-END : Django , Django Rest Framework , Node.js , Express.js , PHP

DATABASE : MYSQL , MONGODB , POSTGRE

Tools & Practices: Git, Responsive Design, Web API Development

PROJECTS

FLAVORFIESTA 🍴

Tech Stack: HTML, CSS, Bootstrap, JavaScript, Python, Django

Duration: January 2023 - April 2023

- Developed a full-stack restaurant web application with dynamic UI and mobile responsiveness.
- Enabled recipe browsing, order placement, and customer interaction features.
- Integrated an admin panel for managing menus, orders, and user feedback.
- Ensured a seamless user experience using Django backend logic and Bootstrap UI components.

MEDICAL DASHBOARD 💊

Tech Stack: Next.js, ASP.NET Core, Web API, Tailwind CSS, SQL Server

Duration: May 2023 - October 2023

- Built a responsive dashboard for healthcare professionals to access real-time patient data.
- Implemented modules for appointments, treatment plans, medical records, and diagnostic reports.
- Used Web APIs to connect frontend and backend for real-time data updates.
- Optimized user interface with Tailwind CSS for fast and clean visuals.

Salon Management System ✂

Tech Stack: HTML, CSS, JavaScript, Bootstrap, PHP, MySQL

Duration: November 2023 - February 2024

- Designed and developed a salon management platform to handle services and appointments.
- Created features for managing customers, staff, memberships, and promotional offers.
- Built a responsive frontend using Bootstrap and custom JavaScript logic.
- Utilized PHP and MySQL for secure data handling and backend operations.
